MWF: 9:20AM-9:35AM

Sprint Goal

Front end styling, closets, test automation.

User Stories

- I. As a user, I want to view all of my items as a “closet”. [3]
 - A. Print out items associated with the logged in user on the profile page (5 hours)
- II. As a user, I want a beautiful UI to navigate the site. [13]
 - A. Beautify navigation. (1 hour)
 - B. Beautify landing page. (5 hours)
 - C. Beautify profile page. (3 hours)
 - D. Beautify profile edit page. (2 hours)
 - E. Beautify sign up page. (1 hour)
 - F. Beautify add closet item page. (3 hours)
 - G. Beautify login page. (1 hour)
- III. As a user, I want to display a wishlist on my profile so that others can bid with items that I want. [3]
 - A. Update the profile page to save an item to the wishlist. (1 hour)
 - B. Create UI to display current wishlist items on the profile. (2 hour)
- IV. As a user, I want to see other people’s profiles. [2]
 - A. Create a clickable link on the /users page to each person’s profile. (1 hour)
 - B. Rework the profile page to display an arbitrary user. (4 hours)
- V. As a user, I want to see all of the items available to bid on. [5]
 - A. Create a method of displaying all database items on the screen. (2 hours)
 - B. Create a system for paginating the items on the screen. (8 hours)
 - C. Create a system for filtering the items by category. (4 hours)
- VI. As a developer, I want automated tests so that I don’t check in regressions. [?]
 - A. Install Selenium. (4 hours)

- B. Create test for signing up. (4 hours)**
- C. Create test for signing logging in and out. (4 hours)**
- D. Create test for editing a profile. (4 hours)**
- E. Create test for starting up the server. (4 hours)**
