

Sprint 2 Report

Slugtrade

Team Name: Slug Traders

Revision #1, May 7th, 2018

Stop Doing

- Persisting on our own when we need help
- Leaving closed pull request branches in the repo

Start Doing

- Using a linter for python coding style
- Running automated regression tests
- More pair programming
- Pruning branches after pull requests are closed

Keep Doing

- Grabbing tasks from Trello board immediately instead of waiting for someone to ask/assign
- Branching features
- Testing all new changes

Work Completed

- As a user, I want to view all of my items as a “closet”
- As a user, I want to display a wishlist on my profile so that others can bid with items that I want
- As a user, I want to see other people’s profiles
- As a user, I want to see all of the items available to bid on

Work Not Completed

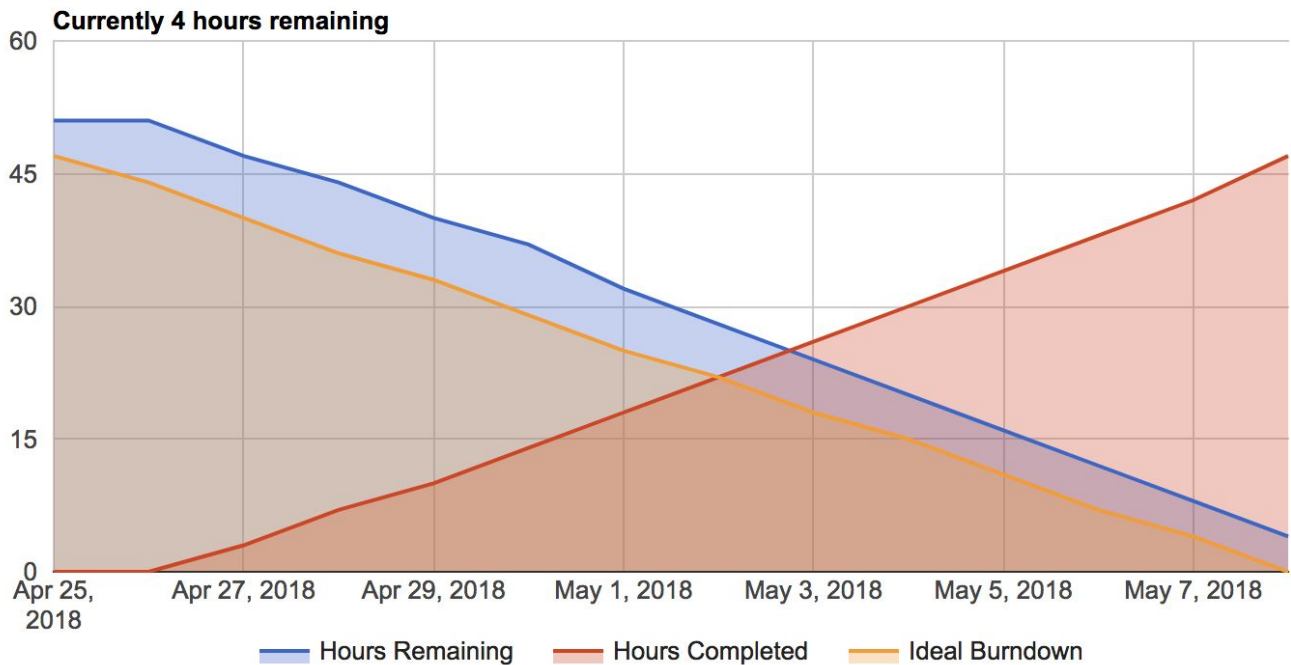

- As a developer, I want automated tests so that I don’t check in regressions. [?]
- As a user, I want a beautiful UI to navigate the site

Work Completion Rate

- Total user stories completed: **4/6**
- Time taken to complete: **44 Hours**
- Total amount of estimated work hours: **51 Hours**
- User stories/Day = **4/14 = 0.29 User Stories/Day**

- Ideal Work hours/day = **3.14 hours per day**
- Average User stories/Day = **0.36 User Stories/Day**
- Average Ideal Work hours/day = **2.65 hours per day**
